

Boarders Hit the Cinema and Ten Pin Bowling

The boarders recently were treated to a boys and girls cinema trip out to Shrewsbury Cinema. The senior boys along with Mr Foreman enjoyed watching "Immortals" in 3D followed by a trip to Mac Donald's on the way home. After lots of persuasion the girls were treated to what they have said as being the film of the year "Breaking Dawn". The girls were not successful in convincing Mr Gajadharsingh to join them in the chick flick which he kindly turned down very quickly however Mrs Looms and Mrs Braden were quite happy to join the girls as new converts to the Twilight series. The girls scurried round and took photos with the stars which they did think would look great in the 'Studies'. All the girls that watched the film thoroughly enjoyed the outing out on Sunday evening and are now looking forward to the final series of the film!

The Ten Pin Bowling trip to The Grove in Leominster proved popular amongst our younger boarders which they all enjoyed. Javier, Lucia and Aiden were the winners of the first games and in the second games Javier again, Rita and Calum were the victors. The competition amongst the boarders was intense and there were several strikes recorded, especially in the team consisting of Hanson, Miss Meras and Mr Looms. There was one moment that we all found amusing – Benny slipping over after bowling his ball!
