

BEDSTONE
www.bedstone.org

Grp Capt J Fynes RAF (Retd)

Both my sons were boarders at Bedstone and I was so delighted with their educational and personal achievements that I became Chairman of Governors.

The Bedstone ethos is very special to all staff and students, and I see my primary task as ensuring that Bedstone maintains that ethos whilst continuing to provide the outstanding pastoral, educational and personal development that my own children received.

Regardless of academic ability, we wish to ensure that every student exceeds educational expectations and also leaves us as a confident, well rounded individual, ready for excel at university or out in the wider world.”
