Thurs 30th June: Girls + Boys Cricket v Moreton Hall (A)

Sun 3rd July: Bedstone Bake Off and Cricket Match

Sat 9th July: Speech Day, End of Term

## Junior School Newsletter June Ed I

A warm welcome back to school for this final half term of the academic year. Although a short half term, it is certainly a very busy time of year. Congratulations to all those children who took part in the **Aquathlon** at Lucton last half term. This involved races comprised of swimming and running. Many local primary and prep schools were represented and the level of competition was excellent. Bedstone repaid the pleasure and hosted a swimming gala against Lucton. Despite Lucton's overall success, Bedstone managed some superb firsts in individual events. The weather was beautiful and the children swam very well. Bucknell also had the opportunity to swim in our wonderful outdoor pool in a gala involving all the children in the upper Junior School.

Junior 1 have had fun completing their Space Topic by painting fantastic Papier Maché planets. They had a lovely Space Day when they tackled space-themed Maths problems; role-played meeting aliens on a new planet and tried out some 'Space Games'.

Children have participated in lessons on **E-safety** to learn how to use technology safely, respectfully and responsibly. **Revision packs** have been sent home so the children can prepare for the assessments being undertaken next week. All revision will be completed in class but there are websites available for those who wish to prepare further. Tomorrow the Junior School will take part in the athletics at **Alexander Stadium**. The seniors have already had successes at this prestigious event prior to half term so watch this space...

Junior 4 enjoyed three days at **Manor Adventure**. There was lots of fun and adventure and the children thoroughly enjoyed their visit. They will also be completing their **Bike Ability** course over two days. If bikes could be brought into school on Thursday morning and left in the Junior School garden, that would be fantastic. If you need to drop bikes off earlier than this please let Mr Forster know. **Please do not forget helmets!** Junior 2 pupils have been busy in Design Technology, designing and constructing a traditional kite. We are looking forward to a breezy day to test them! Junior 3 are busy sewing phone holders and bags and Junior 4 are making wooden games. In History this half term, Junior 3 and 4 will begin to explore what life was like in Britain after the second world war.
