Susan Phillips

I first became acquainted with Bedstone College in January 2002 when my son started in the then Pre-Prep Nursery department at the age of three. Having stayed at Bedstone up to Sixth Form I have observed 15 years of education here. My daughter is still a current student hence I will continue to observe as a parent.

In 2007 I joined Friends of Bedstone fund raising committee made up of committed parents and teachers of which I am now the treasurer. We have had numerous events throughout the years from parent charity balls and fashion shows to Christmas fayres raising funds for college equipment. In 2015 I was invited to join the board of governors.

On a business background, I have been involved in running my family business since 1985. My husband is company director of large children's educational outdoor activity and foreign language trips organisation.

Both my husband and I have been very impressed with the development and confidence that have been gained by our children through their time at Bedstone College, which will put them on a firm footing for the future.
